

Honors Program

Developing the Whole Student through Research, Service, and Leadership Development

Hello [Name of Prospective Student],

My name is Grace Moryan and I'm a second-year student in the Honors Program at Baldwin Wallace University. I'm contacting you because you showed interest in the Honors Program at BW, and I want to help you learn more about it. The Honors Program is an exciting opportunity to build skills you can take into your future career and everyday life!

When you choose to join the Honors Program, you'll have the opportunity to take exclusive courses on unique topics. We also offer Honors sections of the required First-Year Experience (F.Y.E) courses to help you meet other first-years. Some of the first-year courses include the classes "Shadowlands of Narnia," "Lies. Damned Lies with Statistics," and "How Stand-up Comedy Shapes Us." My Honors F.Y.E. course, "Playing with the Past: Athens, a Threshold of Democracy," was my favorite class my first semester. We roleplayed characters from Greek history and culture to debate our stances on political, economic, and social issues related to democracy. I learned so much about Greek history and culture, and I'm excited to tell you the class will be available fall semester as well.

Another benefit of the Honors Program is early registration for classes, which makes it easier to get the classes and time slots you want. You'll also have the opportunity at our Honors retreat to build a community of friends before classes begin. Our three-day canoeing, team-building, smores-around-the-campfire-eating retreat allows you to meet other students in the Honors Program and make friends before classes even begin. BW also offers Honors dorms, which allows you the opportunity to live in a supportive, friendly environment with other Honors Freshmen.

I'd like to encourage you to come to The Honors Wallace House to learn more about the program. We could meet with you sometime during your scheduled visit. Please let me know if you would like to schedule an appointment, and I'll help you arrange a time.

Congratulations on your successful high school career, and I hope you choose to continue your success at BW. If you have any questions at all, don't hesitate to email them to either honors@bw.edu or my personal email gmoryan15@mail.bw.edu.

I encourage you to visit our website to learn more about the program. Make sure to "like" us on [Facebook](#) and follow us on [Instagram](#) and [Twitter](#) – these are great ways to stay in touch with us!

All the best,

Grace
